CERTIFIED MAIL - RETURN RECEIPT REQUESTED

7-5-84

Mr. Joseph Lepore, Superintendent
 Boston Edison Materials Management Ctr.
 480 Arsenal Street
 Watertown, MA 02172

RE: EPA I.D. Number MAD000845412

Dear Mr. Lepore:

This letter is in response to your letter of February 10, 1984 requesting the return of your Part A permit application. From the information provided, it appears that the facility does not require a RCRA permit under Section 3005 of the Act and 40 CFR Part 270.1(b) (formerly 40 CFR Part 122.21(c)). This section requires owners and/or operators of hazardous waste treatment, storage, and disposal facilities to obtain a permit for these activities. A facility that does not and will not treat, store, or dispose of hazardous waste does not require a RCRA permit.

EPA is returning your Part A permit application and has changed your company's status to a generator of hazardous waste. Under 40 CFR Part 270.1(c)(2) (formerly 40 CFR Part 122.21(a)(2)), a generator of hazardous waste is allowed to accumulate hazardous waste on site for up to 90 days in accordance with 40 CFR 262.34 without a RCRA permit. In addition, we will be deleting your transporter status since you do not have a license to transport hazardous waste in Massachusetts as required by 310 CMR 30.402.

If EPA's interpretation is incorrect or if the facility is in fact one which is required to have a permit under Section 3005, a complete RCRA Part A permit application (EPA Forms 3510-1 and 3510-3) must be completed and resubmitted to this office by 8-23-84. If hazardous waste is treated, stored, or disposed of at the facility referenced above and the applicant fails or refuses to submit a complete Part A permit application by the date stated above, appropriate enforcement action may be taken.
